Case Study

ColorEdge Monitors Used for Production of Animated Film "Suzume"

- The production company CoMix Wave Films installed ColorEdge with the ColorNavigator Network – a solution that enables the collective management of ColorEdge monitors registered in a network

The Challenge

- Color drift over time and the difference in the visual characteristics compared to the monitor that the director is using
- The time and effort required to manage monitors

ColorEdge

- True color which is crucial to expressing worldview of the film
- Wide gamut unique to color management monitors
- Hardware calibration

ColorNavigator Network

- Centralized management of 50 monitors
- Enabled timely troubleshooting due to remote monitoring
- Convenient for home office

Topic 2

Construction of a New Technology Hub For Future Growth (Scheduled for Completion in March 2025)

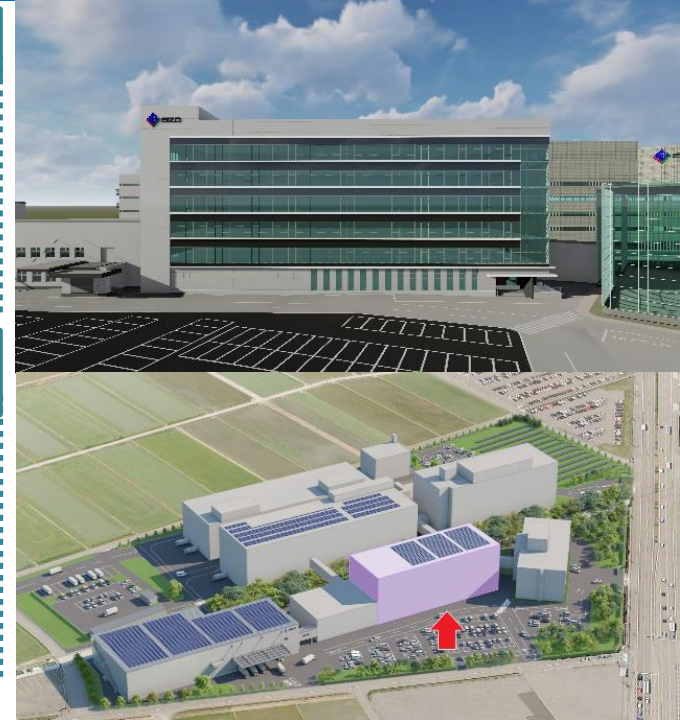

Strengthen R&D and customer service capabilities

- Ensure capabilities for future expansion and versatility
- Optimize overall layout of the building, including the reconfiguration of existing buildings
- Provide a working environment that supports creativity and increase productivity

Promote Sustainability

- Install rooftop solar photovoltaic system
- The new technology hub will meet the Japanese ZEB standard(*). EIZO aims to achieve ZEB certification for all buildings on the site by the end of FY2026

(*) Net Zero Energy Building. The standards to certify energy saving building (50% or more) with advanced architectural design, highly efficient equipment, installed renewable energy.

Topic 3
